The Units being offered may not be purchased or held by, or purchased or held for the benefit of, any Non-Qualified Person as defined

hereinafter at any time. "Non-Qualified Person" means any person to whom a transfer to, or holding by such person of, Units would:

- (a) be in breach of any law or requirement of any country or governmental authority in any jurisdiction whether on its own or in conjunction with any other relevant circumstances;

- (d) cause the Fund Company or the Fund to be required to apply for registration or comply with any registration requirements in respect of any of the Units in any jurisdiction other than in Bahrain.

The Fund is an unregulated collective investment scheme for the purpose of the United Kingdom Financial Services and Markets Act 2000 (the "Act"), the promotion of which in the United Kingdom is restricted by section 238 of the Act. No Units in the Fund may be offered or sold in the United Kingdom by an authorised person by means of this document other than in accordance with the Financial Services and Markets Act 2000 (Promotion of Collective Investment Schemes) (Exemptions) Order 2001 (SI 2001/1060), or the conduct of business rules of the United Kingdom Financial Services Authority (and in particular section 3.11 and Annex 5 thereof). Except as described above, no communication, including this document, made or issued in connection with Units in the Fund may be passed on to any person in the United Kingdom; except in accordance with the Financial Services and Markets Act 2000 (Financial Promotion) Order 2001 (SI 2001/1335);

The Units have not been and will not be registered under the United States Securities Act of 1933, as amended (the "1933 Act"). Neither the Fund nor the Fund Company is a registered investment company under the United States Investment Company Act of 1940, as amended (the "1940 Act"). Therefore, holders in the Fund will not gain the benefit of holders in a fund or company registered under the 1940 Act. Accordingly, the Units are not and will not be offered or sold directly or indirectly, in the United States of America (including any state and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction, or to or for the account or benefit of U.S. persons (as defined in Rule 902 under the 1933 Act) and are subject to restrictions on transfer.

The Fund Company, the Fund Manager, the Registrar and the Custodian reserve the absolute right to require further verification of the identity of each potential investor or that of the person or entity on whose behalf the potential investor is applying for a subscription in the Fund. Shariah prohibits the Fund from paying or receiving interest, although the receipt of dividends and capital gains from equity investment in Shariah compliant companies is acceptable. However, returns derived from the Fund's investments may comprise an amount, which is attributable, for Shariah purposes, to impure income earned or received. Where this is the case, the amount of any return, which is so attributed, will be calculated in accordance with the Shariah criteria approved by the Shariah Advisor and donated periodically by the fund to charities, with no direct or indirect benefit accruing to the Fund or any of its Investors.

The Fund is an open-ended collective investment scheme designed for Investors seeking long-term capital appreciation primarily through investing in listed share of companies in the GCC Region. **Investors must recognize that all investments involve risk. Nine hundred and ninety (990) shares (comprising 99% of the Fund Company's capital) are held by National Investments Company KSC(C) and ten (10) shares comprising 1% of the Fund Company's capital is held by Mr. Hamad S H A M Alhumidi. The personal liability of the shareholders in the Fund Company for its debts or obligations is limited to the amounts they have subscribed to the capital of the Fund Company.

Compliance with Law

The Fund Company and the Fund will comply with the CIU Regulations and any other circulars which currently apply or will apply in the future in connection with collective investment schemes whether issued pursuant to CBB Law or any banking law which may come into force in Bahrain.

The Fund Company and the Fund will, at all times, carry out investment activities in compliance with the laws of the jurisdiction where such investments are being made. Without prejudicing the generality of the aforesaid such statement, the acquisition and sale of all investments in jurisdiction where the Fund would invest would be in accordance with the applicable laws, rules and regulations of that jurisdiction.

Fund Term and Termination

The Fund has been established for an indefinite period. However, the Fund Company reserves the right to terminate the Fund at any time under the circumstances set out in Section XII headed "*Life and Liquidation of the Fund*" without penalty to any party involved. Under Bahrain law, termination of the Fund requires the prior written consent of the CBB and that reasonable notice be given to Investors. The Directors will endeavour to give Unitholders three (3) months' notice before terminating the Fund. Neither the death, bankruptcy nor incapacity of an Investor in the Fund nor the bankruptcy nor resignation of the Fund Manager will terminate the Fund or in any way affect its continuity.

Upon liquidation of the Fund, the assets of the Fund will be allocated to Investors after all amounts due to third parties, including those due under the contractual arrangements entered into by the Fund Company on behalf of the Fund and under Bahrain Law, are satisfied.

Governing Law

This Prospectus, the offer of Units hereunder, the Subscription Agreement and all other material contracts listed in Section XIV headed "Material Contracts" and the Fund itself will be governed by, and construed in accordance with, the laws of the Kingdom of Bahrain. Each Investor irrevocably submits to the jurisdiction of the Bahraini courts in respect of these matters. This does not prevent an action being taken against an Investor in any other jurisdiction.

IV. INVESTMENT POLICY

Investment Objective and Policy

The primary objective of the Fund is to seek long-term capital appreciation. The Fund will aim to achieve this investment objective by investing in various equity securities listed on the stock markets of the GCC region while complying with the Shariah principles.

Investment Strategy

The Fund will primary focus on solid investment opportunities within listed GCC companies which are Shariah compliant.

The Fund's investment strategy will be based on a thorough analysis of prevailing and expected political, economic and market conditions, conducted to determine sector allocation of assets. This would be preceded by a bottom-up approach targeting highly liquid growth stocks that are operationally driven as well as stocks that provide steady dividend yields in their respective sectors. The Fund would concentrate on "blue chip" companies and conducts in-depth fundamental analysis to determine a number of key factors including quality of earnings growth, strength of operational profits and the company's management team experience and track record.

The Fund's strategy would be to purchase attractive investment opportunities that deliver strong growth based on fundamentally sound business practices.

Diversification of the investment in order to minimize capital risks and to achieve profits that exceed any market's averages without having maximizing concentration in one sector or country.

Diversification of funds investments in order to minimize risks as per future forecasts of companies' performance and their market liquidity (knowing that it is not necessary to invest in all sectors since many sectors are directly correlated to the country's budget and the country's inflation).

Medium to long term investments whereby investment choices would be based on the following factors:

- Constant and stable growth companies that have a sound financial reputation and an excellent financial and managerial status.
- Companies with diversified annual cash flows that could provide the Fund with steady cash streams.
- Companies with low investment risks, good returns, and appropriate price levels.
- Companies that depend heavily on their operational activities in their annual income.
- Companies with appropriate market ratios.

Medium to short term investments whereby investment choices would be based on the following factors:

- To fully utilize the temporary market fluctuations within the fund limits.
- Companies that are subject to financial and managerial restructuring and that have a bright forecasted future.
- Companies with solid returns and low capital.
- Companies with high turnovers.

The Fund shall invest cash available in deposits, sukuk and murabaha transactions in accordance with the provisions of Islamic Shariah, which are issued by approved Islamic institutions and banks, and that do not result in assuming financing obligations, as deemed appropriate by the Fund Manager, in order to achieve good returns.

The Fund shall follow a balanced investment policy with the objective of achieving appropriate investment revenue. The Fund Manager shall make all possible efforts to manage the Fund's investments and maximize revenues for the benefit of the investors of the Fund.

The Fund Manager shall manage and invest the Fund's monies through personnel who have the ability and competence to perform this role. These personnel shall have the utmost independence in the management of the Fund's investments under the supervision and guidance of the Fund Manager who shall have all powers necessary to manage the Fund and direct the investments in a way that does not conflict with the provisions of the applicable law and the Shariah principles.

Subject to the prior approval of the CBB, the Fund Manager may appoint an investment advisor for the management of any part of the Fund's investments. The Fund Manager shall bear the fees of the investment advisor, if any.

V. RISK FACTORS

Investing in the Fund involves certain considerations in addition to the risks normally associated with making investments in securities. The Fund is newly formed. There can be no assurance that the Fund will achieve its investment objectives. The value of Units may go down as well as up and there can be no assurance that on a redemption, or otherwise, Investors will receive the amount originally invested. Accordingly, the Fund is only suitable for investment by investors who understand the risks involved and who are willing and able to withstand the total loss of their investment. The following is intended as a summary of certain investment considerations and risks associated with this investment, but is not exhaustive and must be supplemented by the Investors' own analysis of, among other things, Investors' personal or corporate financial circumstances.

Investment Risk

The Fund is an open-ended collective investment scheme designed for investors seeking long-term capital appreciation primarily through investing in Shariah compliant equity securities in the markets of the GCC Region. It should be clearly understood that the Fund's portfolio will be subject to market fluctuations and risks inherent in all such investments. Accordingly, investors considering investment in the Fund should understand that there is no assurance that the Fund will meet its investment objective and should be able to bear the economic risks of their investment in the Fund, including all or part thereof, and should not be dependent upon any returns from such investment for any basic financial needs.

It is possible that adherence to the Islamic Shariah will cause the Fund to perform differently from funds with similar objectives that are not subject to the Islamic Shariah.

Investments in the Fund are not deposits or other obligations of any bank or other financial institution, and are not guaranteed by any bank or other financial institution. Any investment in this Fund is therefore subject to investment risks, including the possible loss of the amount invested.

Regulatory Framework

Future developments in governmental or relevant regulations and supervision may adversely affect securities markets in the region, by imposing restrictions on trading or transferring securities. Despite legislation to encourage foreign investment, the legal systems in some GCC countries is undergoing rapid change and in others remains underdeveloped, leading to significant risks for investors, including risks relating to the ownership and transferability of assets and the enforcement of proprietary rights.

Additionally, the regulatory supervision, legal infrastructure and accounting, auditing and reporting standards in the countries in the GCC Region may not provide the same degree of protection as would generally exist in more mature or developed markets. This may affect the valuation of the assets in which the Fund invests although every effort will be exerted to comply with international accounting standards.

Emerging Markets

Investing in emerging market securities such as those in GCC Region involves certain risks and special considerations not typically associated with investing in other more established economies or securities markets. Such risks may include: i) the risk of nationalization or expropriation of assets or confiscatory taxation; ii) social, economic and political uncertainty including war; iii) dependence on exports and the corresponding importance of international trade; iv) price fluctuations, less liquidity and smaller capitalization of securities markets; v) currency exchange rate fluctuations; vi) rates of inflation (including hyperinflation); vii) governmental involvement in and control over the economies; viii) differences in auditing and financial reporting standards which may result in the unavailability of material information about issuers; ix) less extensive regulation of the securities markets; x) longer settlement periods for securities transactions; xi) less developed corporate laws regarding fiduciary duties of officers and directors and the protection of investors.

Operating History

The Fund and the Fund Company have no other track record and will be relying on the expertise and experience of the Fund Manager and such advisors as the Fund Manager may from time to time appoint to assist in the management of the Fund. No assurance can be given that the Fund Manager will succeed in enabling the Fund to meet the investment objectives of the Fund. The results of the earlier funds managed by the Fund Manager are not indicative of the results that the Fund may achieve. Accordingly, the Fund's results are independent of, and cannot be inferred from, the previous results obtained by collective investment schemes managed by the Fund Manager.

The Fund Manager does not guarantee any specified profits or capital gains as a result of the management of the Fund's monies. The Fund Manager, its employees, servants or agents shall not be liable, in any way whatsoever, for any losses or damages that may be incurred by the investment unit holders as a result of their investing in the Fund, unless such losses or damages have resulted from a violation of the provisions of the applicable laws, or this Prospectus or a deliberate fault or gross negligence by the Fund Manager or any of its above-mentioned associates in the management of the Fund's monies.

Legal Status

The Fund is a collective investment scheme created by the Fund Company, and is structured as a contractual arrangement between the Fund Company and the Unitholders. This contractual arrangement is regulated and supervised by the CBB. Although the Fund is intended to be separate from the Fund Company, investments may be made in the name of the Fund Company on behalf of the Fund.

The Fund is not registered under the Commercial Companies Law. Therefore, the Fund does not have a separate legal status and the extent to which a Bahraini government agency or a Bahraini court, acting in the context of insolvency proceedings or proceedings for determining the Fund's liabilities, would up-hold such distinction between the legal status of the Fund and that of the Fund Company and other collective investment schemes of the Fund Company is unclear and to our best knowledge untested. Additionally, the assets of the Fund will be held by the Custodian in the name of the Fund Company and will at no time become the assets of the Fund Manager. Therefore, the Fund should not in any way be affected by the insolvency or bankruptcy of the Fund Manager. The assets of the Fund shall also always be separate from the assets of the Fund Company and from the assets of other collective investment schemes created or marketed by the Fund Company.

Absence of Transferability of Units

It is not anticipated that there will be any public market for the Units. The Units may not be directly or indirectly sold, transferred or assigned, by operation of law or otherwise, in whole or in part, without the prior written consent of the Fund Manager, which may be granted or withheld in its sole discretion. Any attempt to transfer Units, other than by way of redemption in the manner described in this Prospectus, constitutes a tender to the Fund Manager for the redemption of Units.

Conflicts of Interest

Under Bahrain Law, a Fund Manager is obligated to act for the benefit of the Fund with respect to matters within the scope of the Fund Management Agreement. Additionally, the Directors will seek to ensure that no actual conflict of interests will arise.

The Fund Manager may provide investment management services to funds and managed accounts other than the Fund. These funds and accounts may have fee structures or other features that are different from or more beneficial to the Fund Manager than those of the Fund.

Neither the Custodian, Administrator nor the Fund Manager will be devoting their full business efforts to the activities of the Fund. This may involve a conflict of interest with respect to the commitment of resources. The Administrator and the Fund Manager intend to devote sufficient time to the Fund's activities to properly manage or provide investment advice to the Fund.

Mandatory Redemption

Compulsory redemption may result in the liquidation of investments under conditions less favourable as the liquidity of some of the underlying assets may not allow for an orderly liquidation at the prevailing market prices, and consequently result in loss to Investors.

Foreign Exchange Risk

Any investment in the Fund will be denominated in US Dollars and therefore will be subject to any fluctuation in the rate of exchange between US Dollars and the currency of the Unitholders own jurisdiction and currency in which investment are made. Such fluctuations may have an adverse effect on the value or income of an investment in the Fund.

Non- participation in management

Investors in the Fund will be Unitholders and will have no right or power to participate in the management of the Fund or of any of its assets. All aspects of management of investments are entrusted to the Fund Manager. Investors will have no opportunity to control the day-to-day operation of the Fund, including the investment and disposition decisions.

The foregoing is not a comprehensive list of investment risk factors, and potential Investors are urged to consult with their professional advisors as to the legal, regulatory, tax and business risks involved in this Fund.

VI. SUBSCRIPTIONS AND REDEMPTIONS

Initial Offering

An Initial Offering of up to 300,000,000 Units at US \$ 1 (plus a subscription fee of 2% per Unit) is being made. Applications should be for a minimum of 5,000 Units and application for additional units should be in single Units. The minimum holding of an investor is 5000 Units. The Directors of the Fund Company reserve the right to increase or reduce the size of the Initial Offering with the prior consent of the CBB.

Initial Offer Period

Application for the purchase of Units under the Initial Offering should be made by the Closing Date. The subscription monies in cleared funds must be paid by 12 noon on the Closing Date. If the Subscription Agreement and/or cleared funds are received after the deadline, it will (unless otherwise determined by the Fund Company) be treated as a request for subscription on the next Subscription Day.

Further Subscription

Units can be subscribed for on each Subscription Day provided the Fund has received a completed Subscription Agreement before the 15th of the calendar month relevant to the Subscription Day and following receipt of cleared subscription monies by 12 noon on the last Business Day immediately preceding the relevant Subscription Day.

Subscription Price

Units will be offered subsequent to the Initial Offer Period on each Subscription Day at the NAV per Unit plus a subscription fee of 0.5% of the NAV, as calculated on the relevant Valuation Day, provided that the minimum initial subscription is for 5000 Units.

Subscription Agreement

Prospective Investors will be required to complete and return the Subscription Agreement (refer to the section under heading "XVI Subscription Agreement"). The completed Subscription Agreement should be sent to the Placement Agent or its delegate, details of which are provided in the Subscription Agreement, and must be received before the 15th of the calendar month relevant to the Subscription Day. The subscription monies in cleared funds must be paid by 12 noon on the last Business Day immediately preceding the relevant Subscription Day. For the avoidance of doubt, the Subscription Day means each Valuation Day falling after the Closing Date and a Valuation Day means the last Business Day of each calendar month.

Issue of Units

Units will be issued in the form of a Certificate. The Registrar will maintain the official register of Units. Certificates must be returned to the Registrar prior to processing of redemption requests. Fractions of Units will not be issued where the balances of the subscription monies for Units represent less than the subscription price per Unit.

Confirmations will be sent to applicants on approval of their application (i) soon after the relevant Subscription Day and (ii) once NAV has been calculated setting out details of the Units they have been allotted.

In the event where the subscription during the Initial Offering Period exceeds 300,000,000 Units, Units shall be distributed among the subscribers, in the ratio of their respective subscriptions after the allocation of the minimum subscription.

No single investor shall be allotted more than 50% of the Units in the Fund.

Combating Money Laundering

The Fund Company will comply with Bahrain's Legislative Decree No. (4) of 2001 with respect to Prohibition of and Combating Money Laundering and the various Ministerial Orders and circulars issued with regard thereto and Terrorist Financing from time to time including, but not limited to, Ministerial Order No. (7) of 2001 with respect to the Institution's Obligations Concerning the Prohibition of and Combating Money Laundering, the Anti-Money Laundering and Combating Financial Crime Module contained in the CBB Rulebook, Volume 6 as well as the anti-money laundering laws, rules and orders applicable to any Investor as they may respectively pertain to any or all of the Administrator, Registrar, Custodian, the Fund Manager, the Fund and the Fund Company. In addition, the Fund shall at all times comply with all circulars issued by Central Bank of Bahrain pertaining to anti money laundering and terrorist financing in force from time to time.

As a result of the applicable anti-money laundering regulations, documentation will be required along with the subscription request for Units. The Directors, the Placement Agent and the Fund Manager reserve the absolute right to require further verification of the identity of each potential Investor or that of the person or entity on whose behalf the potential Investor is applying for the purchase of the Units and/or the source of funds. This will be used to comply with these regulations and to verify the identity of the Investors and will remain confidential. Each potential Investor will be required to provide satisfactory evidence of identity and if so required the source of funds within a reasonable time period determined by the Fund. Pending the provision of such evidence, application for Units will be postponed. If a potential Investor fails to provide satisfactory evidence within the time specified, or if a potential Investor provides evidence but the Fund is not satisfied therewith, the application will be rejected immediately in which event the money received on application, if any, will be returned without interest payment.

The Investor may not need to provide documentation to the Fund Company if the Investor has an existing investment in the Fund and has already provided documentation or has already provided evidence of identity to the Fund Company. Pooled funds or financial intermediaries will also be required to provide money laundering regulations' compliance declaration.

Records

The Fund will maintain records of each new subscription for the period of the Subscription but in any case for not less than ten (10) years from the Subscription Day.

Indemnity

The Fund Company shall hold the Fund Manager and its directors free and harmless against any claim or liability that they may have incurred while performing their duties, except for claims or liability arising from or in connection with their respective wilful misconduct or gross negligence.

Redemption

Investors may redeem Units on each Redemption Day, which means each Valuation Day falling after the Closing Date, provided the Investor gives notice to that effect to the Registrar fifteen Business Days prior to the relevant Redemption Day. There is no minimum redemption amount.

Redemption Price

The redemption price for Units will be equal to the NAV per Unit as determined by the Administrator on the relevant Valuation Day (see Section headed “VII. *Determination of Net Asset Value*”).

Redemption Fee

A redemption fee of 0.5% of the NAV shall be charged by the Fund Manager and deducted from the redemption proceeds payable to the redeeming Unitholder.

Redemption Request Form

A request for redemption must be made on the Redemption Request Form and once submitted to the Registrar or the Placement Agent, may not be withdrawn by the Unitholder except on suspension of redemptions, otherwise, the consent of the Fund Company is required for any withdrawal of a redemption request.

Payment of Proceeds

Redemption proceeds will be paid in US Dollars and will be remitted by way of cheques or by wire transfer upon request to the account held with a licensed institution designated by the Investor in the Redemption Request Form after deduction of all relevant expenses. No proceeds will be paid until the Registrar is in receipt of the relevant Certificates and the original Redemption Request Form duly signed by the Investor or its designated authorized signatories.

Any amount redeemed will be paid within ten Business Days from the relevant Redemption Day.

Partial redemption resulting in an Investor to have an interest of less than the minimum initial investment (5,000 units) will be considered as a request for redeeming the Unitholder's entire holding.

Liquidity Constraints on Redemption

If the Fund Company receives a net redemption request (redemption amount less subscription amount) from an Investor or Investors on a particular Redemption Day exceeding 10% of the Fund's NAV, the Fund Company will be entitled to redeem the redemption amount up to 10% of the NAV on a pro rata basis, or in such manner as the Fund Company may deem appropriate. Requests for redemption of Units, which cannot be met on any one Redemption Day, will be carried forward to the next Redemption Day, subject to the same provision.

Mandatory Redemption

The Fund Company has the right upon seven (7) Business Days notice to compulsorily redeem any Units held by a Unitholder at a redemption price per Unit calculated on the basis of the Fund's Net Asset Value per Unit determined on the Valuation Day relevant to the Redemption Day, for any of the following reasons:

- (a) the Units are held by or for the benefit (directly or indirectly) of (i) any US Person or (ii) a Non-Qualified Person or (iii) any other person whose continued holding would subject the Fund, its Unitholders and the Fund Manager to regulation deemed burdensome by the Fund Company or such other party under the laws of the applicable jurisdiction or would result in any adverse tax consequences for the Fund, its Unitholders or the Fund Manager.
- (b) any of the representations given by a Unitholder in its Subscription Agreement were not true or have ceased to be true;
- (c) by operation of law or as otherwise determined by governmental or regulatory authority having appropriate jurisdiction including the CBB; or
- (d) the Articles of Association otherwise require such redemption.

Where a compulsory redemption occurs as described above, the Fund Company will notify the CBB of it as soon as practicable and of the reasons thereof

Subject to obtaining the prior approval of the CBB, the Fund may, in its absolute discretion, redeem all outstanding Units in the event of an exceptional decline in the value of the Fund's assets or a decline in the Fund's assets due to redemptions to a level insufficient to sustain normal trading by the Fund.

Voting and Ownership Rights

Except for some limited voting rights as provided in the Third Schedule to the Instrument, the Units carry no voting rights with respect to the Fund or the Fund Company. Units represent an ownership right in the assets of the Fund, based on contract of the Investors in connection with the Fund but not in the Fund Company or any other collective investment schemes launched by the Fund Company other than the Fund.

Ownership Restrictions

Investors may subscribe provided legislation or regulations in Bahrain and in their country of citizenship, residence, domicile or incorporation permits them to do so. U.S. Persons or U.S. residents as defined in Regulation S under the U.S. Securities Act of 1933 are not allowed to subscribe. Persons under 21 years of age are not allowed to subscribe unless he/she has the written authorisation of his/her lawful guardian.

VII. DETERMINATION OF NET ASSET VALUE

The Administrator will determine the NAV of the Fund in US Dollar terms on a monthly basis. Such valuation shall take place on the last Business Day of each calendar month after the Closing Date. The NAV will be calculated in Bahrain after two working days of the Valuation Day at 12:00 noon Bahrain time, using the closing prices of securities in each market on Valuation Day.

The Fund Manager / Sponsor cannot determine the value of the Fund's assets.

The NAV per Unit will be calculated by the Administrator in accordance with generally accepted international accounting standards using the following formula: (a) the total assets of the Fund less the total liabilities divided by (b) the total number of outstanding Units of the Fund in issue on such Valuation Day. For the purposes of the determination of the Fund's NAV, the assets of the Fund are separate from the assets of the Fund Company and from the assets of other collective investment schemes created or marketed by the Fund Company.

The value of the net assets of the Fund will be calculated as at each Valuation Day in accordance with the following

- (i) the value of any cash on hand or on deposit, bills, demand notes, accounts receivable, prepaid expenses, cash dividends and interest declared or accrued and not yet received shall be deemed to be the full amount thereof unless the Directors shall have in their reasonable judgment determined that any such deposit, bill, demand note or account receivable is not worth the full amount thereof in which event the value thereof shall be deemed to be such value as the Directors shall deem to be the reasonable value thereof;
- (ii) except in the case of any interest in a unit trust, mutual fund corporation, open-ended investment company or other similar open-ended investment vehicle (a "managed fund") to which paragraph (iii) applies and subject as provided in paragraphs (iv), (v) and (vi) below, all calculations based on the value of investments quoted, listed, traded or dealt in on any stock exchange, commodities exchange, futures exchange or over-the-counter market shall be made by reference to the last traded price on the principal stock exchange for such investments as at the close of business in such place on the day as of which such calculation is to be made; and where there is no stock exchange, commodities exchange, futures exchange or over-the-counter market all calculations based on the value of investments quoted by any person, firm or institution making a market in that investment (and if there shall be more than one such market maker then such particular market maker as the Directors may designate) shall be made by reference to the mean of the latest bid and asked price quoted thereon; provided always that if the Directors in their discretion consider that the prices ruling on a stock exchange other than the principal stock exchange provide in all the circumstances a fairer criterion of value in relation to any such investment, they may adopt such prices;
- (iii) subject as provided in paragraphs (iv), (v) and (vi) below, the value of each interest in any managed fund which is valued as at the same day as the Initial Fund shall be the net asset value per unit, share or other interest in such managed fund calculated as at that day or, if the Directors so determine or if such managed fund is not valued as at the same day as the Initial Fund, the last published net asset value per unit, share or other interest in such managed fund (where available) or (if the same is not available) the last published redemption or bid price for such unit, share or other interest;
- (iv) if no net asset value, bid and offer prices or price quotations are available as provided in paragraphs (ii) or (iii) above, the value of the relevant asset shall be calculated from time to time in such manner as the Directors shall determine;

- (v) for the purpose of ascertaining quoted, listed, traded or market dealing prices, the Directors or their agents shall be entitled to use and rely upon mechanized and/or electronic systems of valuation dissemination with regard to valuation of investments of the Initial Fund and the prices provided by any such system shall be deemed to be the last traded prices for the purpose of paragraph (ii) above;
- (vi) notwithstanding the foregoing, the Directors may, at their absolute discretion, permit some other method of valuation to be used if they consider that such valuation better reflects the fair value; and
- (vii) any value (whether of a security or cash) otherwise than in US dollars shall be converted into US dollars at the rate (whether official or otherwise) which the Directors shall in their absolute discretion deem appropriate to the circumstances having regard, inter alia, to any premium or discount which they consider may be relevant and to costs of exchange.

Liabilities will include, but are not limited to:

- (a) management and other fees and disbursements of the Fund Manager earned but not yet paid;
- (b) any allowance for the Fund's estimated legal and other fees;
- (c) charges of the Custodian, Administrator, Registrar, Auditor and any brokerage fees;
- (d) investments of the Fund contracted to be sold; and
- (e) other liabilities of the Fund of whatsoever nature (which will, where appropriate, be deemed to accrue from day-to-day) including outstanding payments on any Units previously redeemed and, as from the record date in respect thereof, any dividends declared and not paid (contingent liabilities (if any) being valued in such
